

REMARKS

This Amendment is submitted in response to the Final Office Action dated October 18, 2006 and in accordance with 37 C.F.R. 1.116(b)(1), and Applicant submits that the present application as amended herein is now in condition for immediate allowance.

To begin, Applicant acknowledges with appreciation the Examiner's allowance of claims 71 and 79. As such, although Applicant respectfully disagrees with the bases for rejection of the remainder of the pending claims, in the interest of moving the present application to allowance, this Amendment is submitted to cancel claims 59-61, 63-65, 67, 69-70, 72, and 74-78, such that only claims 71 and 79 remain pending in the present application. Applicant, however, reserves the right to present one or more of the cancelled claims in a continuing patent application.

Accordingly, the present application is believed to be in condition for immediate allowance, and such action is respectfully requested. The Examiner is invited to contact the undersigned in the event any further action is deemed necessary.

Respectfully submitted,
